## About the band!

The St. Leon All-Star band was founded in 1994 by Perry Ralenkotter, Candace James, Doug Sykes, Bonnie Louthan and Gary Whitis to give exceptional band students an educational outlet. Because the band is selected by audition only, the level of performance is extremely high. Another benefit to this ensemble is its directorship. Instead of rehearsing with one director for an entire weekend, St. Leon members will experience the expertise of several outstanding directors. This provides a learning environment not only enriching for the students but also for the directors. As the ensemble moves into its thirteenth year we look forward to another incredible weekend of camaraderie and learning that will benefit you for years to come.

Perry A. Ralenkotter

**Candace (Ralenkotter) James has been a guest soloist and conductor as well of one of the founding members of the All Star Band!**

## Auditions

Directors have been sent a copy of the audition piece, which will also be one of our exciting performance pieces. The selection committee will select based upon the director's recommendation. You will know your placement in the ensemble via an e-mailed list of musicians sent to your director by Nov. 6, 2009.

## The All Star Band

The band has been a premier ensemble since it's inception in 1994. We accept only the finest students from each school. This is also reflected in the behavior of the students. As a performer, you will be involved with 120 students and directors from three different states and 5 different schools. We will rehearse for eleven hours over a three day period and accomplish the daunting task of playing seven works. Each year students and parents are amazed that so much can be accomplished in such a short amount of time! This usually takes a normal band class six weeks to achieve. Once again, the strength of our group is its outstanding students and directors.
